

Your wealth, your children, are only a temptation, whereas to be with Allah is an immense reward. So keep your duty to Allah as best as you can, and listen and obey and spend, That is better for your soul, and whosoever is saved from his own greed is the one who is successful. If you lend to Allah a goodly loan, He will double it for you and will forgive you, for Allah is the Responsive Element.

[The Holy Quran 64:15-17]

Allah's Messenger (saws) said, "Envy is not permissible except of two men. A man whom Allah has given the knowledge of the Book and he recites it during the hours of the night, and a man whom Allah has given wealth, and he spends it in charity during the night and the hours of the day."

[Hadith- Sahih Al-Bukhari- 6.543]

A few words from beneficiaries

Eye Surgery

Mohd. Ataullah, Phuldeeh

In the last few months, I was upset about my deteriorating vision. I was aware that every year charity way foundation organizes camps for cataract surgeries. I approached one of its health check- up camps and after a few days surgery of my right eye was done with ease. In the hospital, doctor's attitude and facilities were praise worthy. It's a great work. It should continue every year. May Allah bless all.

Ramadan program

Fatma Khatoon, Roh

During Ramadan, I got fidya in which everything was provided. It included rice, cooking oil, sugar, pulses and many other things. Praise be to Allah. It made our fasting easy. It's a big support for a poor's family. May Allah give more to my donors so that they continue to help us.

Housing

Qari Abdul Wadood, Katihar

I am a teacher in Madarsa Islamia Darul Falah at Phuldeeh. Recently my house was constructed with two rooms, bathroom, verandah and other facilities. My earlier house was situated at a low lying area which resulted regular damages due to flood. We, a family of six members are greatly benefitted by this construction. We are thankful to them who built my house. May Allah grant them success in both the worlds.

Stipend and Food Program

Noorjahan Khatoon, Bhaluahi

As a beneficiary of monthly ration program, I regularly get nice quality rice. I had no one to care but now we are able to get good food due to this program. Charity way foundation had built a house for me as well. I always pray for the well- being of my caring donors.

Vocational Training

Asiya Parween, Roh

As a trainee at Silai centre, there are many advantages to attend it. It not only gives opportunity to wear self- tailored clothes but also provides opportunity to help others by stitching clothes for them by not taking money for this service.

Who is he that will loan to Allah a beautiful loan, which Allah will double unto his credit and multiply many times? It is Allah that giveth (you) Want or plenty, and to Him shall be your return. [The Holy Quran 2:245]

Allah's Messenger (saws) said: 'The son of Adam claims: 'My wealth! My wealth!..... O son of Adam, is there anything as your belonging except that which you consumed, which you utilized, or which you wore and then it was worn out, or that which you gave as charity and sent it forward (for the life Hereafter)?'

[Hadith-Sahih Muslim- 7061]

Whoever works righteousness, man or woman, and has Faith, verily, to him will We give a new Life, a life that is good and pure and We will bestow on such their reward according to the best of their actions. [The Holy Quran 16:97]

The Prophet Muhammad (peace be upon him) said: "Blessed is the wealth of a Muslim from which he gives to the poor, to orphans and to needy travelers." [Hadith-Sahih Al-Bukhari-2-544]

Health Care (\$86,372,95):

Healthcare is one of the most important areas of focused attention for Charity Way Foundation. Under this project cataract eye surgery in India and care for thalassemia patients in Pakistan are major works undertaken. Free medical clinics operate in both these countries.

India

Cataract eye surgery is one of the oldest and successful programs of the foundation in India. Since a large number of people lose their eye sights due to negligence and financial challenges, we conduct free health check-up camps and cataract eye surgeries in the villages of Bihar. In 2018, we organized **9** health check-up camps in the villages of Roh, Baksauti, Sardala, Rajauli, Kumhrawan, Moghlakhar, Rasul Nagar, Kawakol and Bihar Sharif attended by more than **2000** people. It resulted in the cataract and related eye surgeries of more than **410** patients with all free facilities.

In the old city area of Bihar capital Patna, a medical clinic by the name of Shifa Health Centre has been successfully running since 2006 to provide basic medical care to the population living in the surrounding area. In this clinic, **1331** patients were treated at the cost of **\$4.42** per patient with free basic medications.

A dental chair was donated in the Maulana Sajjad Memorial Hospital of Imarat Shariah, Phulwari Sharif in Patna.

Other medical assistance and needs were provided to more than **50** other patients in the states of Bihar and Jharkhand.

Pakistan

In the large cities like Karachi, urban poverty is visible in many areas which directly impacts health of residents. To meet this challenge four permanent medical clinics are sponsored by CWF at Sachal Goth, Lasi Para, Goth Dhani

Baksh and Kamran Chaurangi. In the year 2018, these clinics together provided health care to more than **1,26,085** patients at the cost of **\$0.95** per patient. These clinics provide **95%** of all medication free of cost to their patients. Medical laboratory service to these clinics have also made life of patients easy.

Jamila Sultana kidney screening program is supported by CWF. A total of **632** patients were screened last year under this program. Patients with renal problems were referred for further evaluation. Early stage screening and referral checks further damage to the kidney.

Afzal Memorial Thalassemia Foundation (AMTF) hospital was provided last year a few laboratory equipments like cerofuge, coagulation analyzer, high speed centrifuge machine and portable X-ray. Cerofuge is the mandatory equipment in a blood bank which is used for patient blood grouping, cross matching, screening for red cell antibodies and phenotyping and multiple purpose including serology test. Coagulation analyzer is used for monitoring of bleeding disorders in patients with Thalassemia, Hemophilia, Thromboembolism and related other medical conditions. Timely detection prevents bleeding and hemorrhage through immediate treatment. High speed centrifuge machine in the biochemistry department helps in analyzing chemical imbalance in patients. Portable X-ray is an essential equipment in the hospital used for emergency x-ray for patients having problem in movement and transportation or where patient is so sick to be moved.

Under breast cancer support program, **15** patients were treated last year by the collaboration of CWF and AMTF. The main focus of the program is to provide timely and quality treatment to women of age group **30 to 60** years especially young mothers diagnosed with this disease.

Last year two dialysis patients were supported for the entire year.

The Prophet (peace be upon him) also said: "Charity given to a relative it serves a double purpose, being both charity and a connecting link."
[Hadith- Al-Tirmidhi- 606]

Education (\$46,349.43)

We at Charity Way Foundation strongly believes that education empowers everyone. With this thought we are running schools, supporting maktabas and motivating teachers to perform efficiently.

We started a school named An-Noor English School at Kawakol in the Nawada district of Bihar in the year 2008 for modern education to the financially challenged neighborhood population. Bringing high quality education in a village is not an easy task due to challenges in resource mobilization. It has an enrolment of about **450** students with **23** teachers. We run this school from playgroup to grade 8. It has computer and projector which are used by teacher and students for teaching and learning different subjects. School provides transport service to students residing at distant locations as well. We have well lit and ventilated classrooms with all amenities like clean drinking water, toilets for boys and girls. Last year we organized excursion trip of students historical places of Pawapuri, Nalanda University ruins and ancient capital town of Rajgeer. Towards environmental protection initiatives a rally and plantation drive was organized by the students guided by teachers.

In the campus of school a free coaching program is running since 2012 by the name of Rahbar Coaching Centre for grade 8 to 10 students admitted in the government schools. It promotes education to mainly girl students who drop out due to financial and social reasons. This centre is fully sponsored by Charity way Foundation. Total enrolment in this centre is **80** and with team of **4** teachers. In the recently declared board examination result of Grade-10 all **14** students passed it successfully.

In 1998 a free boarding school named Madarsa Islamia Darul Falah was established in the village of Phuldih which gets support from CWF. To promote exposure among its students an excursion trip was organized to

Rajgeer and Nalanda ruins. Presently **50** students are boarding in this school. Teachers' salary, food, clothing and all other expenses were supported by CWF. It provides education to more than **150** students of the surrounding areas who attend shorter duration classes every day. High performing students were awarded.

In another school named Madarsa Ishatul-Islam in Bihar Sharif, **2** orphan students are fully supported by CWF. It includes boarding, lodging and all other major and minor expenses. Another school based at Masjid Hayat in Giridih is supported by CWF having **10** boarders and **1** teacher.

Forty Eight (**48**) Maktab schools in Jharkhand and Bihar are supported by CWF by taking care of part of teachers' salary. These schools are located in remote areas of minimal educational facility as a result of which these institutions become the only source of education for children. These schools provide basic education to more than **2,400** students.

CWF also supplied books, supporting goods and other necessary supplies to various schools in Bihar and Jharkhand.
